Subject: Rescission of Division Directive to Reclaim; Kyle Isenhart; Happy Jack Mine; §/037/0024; San Juan County, Utah

Dear Mr. Isenhart:

On April 9, 2014, the Division of Oil, Gas and Mining issued a directive that you reclaim the referenced mine due to suspension of mining operations for a period of over ten years. In response to that directive, you have submitted a request for full bond release. Based on this request, the Division Directive to Reclaim is hereby rescinded.

As a result of the request for bond release, an inspection is required to verify that the release of bond is justified. The Division's lead inspector for San Juan County, Mike Bradley, will coordinate that inspection with you shortly. After this inspection, and upon determining that the site satisfies reclamation criteria, the remaining reclamation bond for this site will be released to you.

Please contact Mike Bradley at 801-538-5332, or me at 801-538-5261 if you have questions or concerns about this letter. Thank you for your cooperation and attention to this matter.

Sincerely,

for Paul Baker
Minerals Mining Manager
Minerals Regulatory Program
